TRUAX REQUESTS \$4,000,000

Presents Budget of State Agricultural Department.

WOULD ERECT NEW BUILDINGS

Increased Appropriations Sought For Campaign Against the Corn Borer, Barberry and Tuberculin Cattle and For Erection of Structures at the State Fair Grounds—Budget Divided Into Four Sections.

Columbus, Dec. 12.—Director Charles V. Truax of the department of agriculture, presented to Budget Commissioner Brenneman the department's budget, in which is requested increased appropriations for war on the European corn borer, barberry and tuberculin cattle, and for erection of new buildings at the state fair grounds.

Director Truax says a total of \$4,061,820 will be required to run the department in the next biennium, an increase of \$1,427,194.14 over the current allowance of \$2,634,625.86, granted by the legislature two years ago.

The budget is divided into four sections, administration, division of fish and game, division of dairy and food, and division of live stock. For the administration, \$2,017,980 is asked, an increase of \$553,710. A major part of this increase is asked for additions and betterments at the state fair grounds, where a cool million is sought for improvements. Director Truax announced it was proposed to build a \$250,000 administration building, a \$200,000 horticulture and agriculture building, and to spend the remainder in doubling the seating capacity of the grandstand, installing a heating plant for the coliseum and the new exposition building, completing the electrical system, and laying new water mains and sewers.

Another increase of \$222,330 is asked by this division for maintenance, \$120,000 of it to be used in fighting the European corn borer, which Truax stated, has made alarming progress in Ohio during the last season. "The federal department considers this insect of increasing importance as a menace to the country's corn crop, and has asked for a liberal increase in funds to fight it," he declared. "A portion of these funds will be spent in Ohio largely in scouting and investigation at the laboratory in Sandusky. The state funds would be used to continue the road patrols necessary to enforce the quarantine orders." Truax said if this pest were not fought strenuously, it would work its way down into the south, destroying the corn crop as it went and eventually destroying the cotton crop.

Truax also asks that funds for barberry eradication be increased \$10,000, because Ohio's share from federal funds has been decreased that amount. Destruction of the shrub in the last two years has undoubtedly resulted in a reduction of losses from black stem rust on wheat and other cereals, he said.

The fish and game division will require \$704,800, or an increase of \$153,064. A boost of only \$3,300 is asked by the division of dairy and food. For the department of live stock, \$1,191,730 is sought, an increase of \$717,120. Most of the increases is asked to provide indemnity for cattle slaughtered because of tuberculosis, the major portion of the \$699,200 boost in maintenance funds going for this purpose.

Appointments Announced.
Columbus, Dec. 12.—Don R. Thomas of Columbus, son of Warden P. E. Thomas, was named commission clerk in the governor's office to succeed Robert V. Donahey, son of the governor, who resigned to accept a position with a Cleveland bond and insurance company. John E. Tanney of Sandusky was named judge of the probate court of Erie county to succeed the late Judge John Ray.

Woman Freed by Jury.
St. Louis, Dec. 12.—A jury in circuit court returned a verdict of "not guilty" in the trial of Mrs. Kathryn Kearney, a widow and former artist's model, who pleaded self-defense in slaying Claude W. Morris, her married admirer. Morris was shot to death in Mrs. Kearney's apartment May 31.

Found Dead.
Cincinnati, Dec. 12.—Elmer E. Butcherfield, 63, retired harness manufacturer, is believed to have jumped to his death from a rear window of his apartment. His body, clad only in pajamas, was found lying on the cement pavement in the rear of the building. He had been ill.

GRANGE SELECTS AKRON

Goes on Record as Opposed to Child Labor Amendment.

Zanesville, O., Dec. 12.—A resolution opposing the proposed child labor amendment to the federal constitution was adopted by the Ohio State Grange.

The stand taken was in line with the announced policy of the national Grange and the executive committee of the state Grange. The convention also went on record for legislation in Ohio which will make possible a state highway police force. A resolution was also adopted favoring the elimination of grade crossings and the removal of signs at highway intersections.

Next year's convention will be held in Akron. Columbus, through the Ohio Grange, extended an invitation to the national Grange to hold its 326 convention in Ohio. The state convention adjourned after officers for the coming year were installed.

AKRON YOUTH DIES IN ELECTRIC CHAIR

Last Minute Plea in His Behalf Proves Futile.

Columbus, Dec. 12.—Alexander Kuszik, Akron youth, died in the electric chair at the Ohio penitentiary at an early hour today.

Kuszik, who was 20, was executed for the murder of his cousin, Elizabeth Naggy, aged 13. A last minute plea of Kuszik's counsel, C. G. Roetz, former prosecuting attorney of Summit county, that his life be spared was in vain. Governor Donahey, after listening to testimony of alienists and others who appeared in behalf of the condemned man, announced that the verdict of the courts would be sustained, and that he would not exercise his powers to commute the sentence to life imprisonment. Even Roetz admitted that the crime for which Kuszik was convicted was one of the most brutal on record. He made no claim that Kuszik was insane, but based his plea for clemency on the theory, supported by alienists, that Kuszik was mentally irresponsible, although he knew the difference between right and wrong.

Common Pleas Judge Fritch, who tried the case, also refused to recommend clemency. Final argument in Kuszik's behalf was made by Joseph Remanyi, fellow countryman of the condemned youth, and editor of an Akron Hungarian newspaper.

HERE AND THERE

Jack Wakefield, former member of the St. Louis club of the National league, committed suicide at St. Louis after a quarrel with his fiancée, Josephine Crosby.

Edgar Wilson Nye, writer of fairy tales, was found dead in his apartment at Los Angeles.

A world's record is claimed by Adjutant Bonnet, who flew his Bernard monoplane with a 450 horsepower Hispano-Suiza motor over a three-kilometer course at Istre, France, at an average of 449 kilometers an hour.

D. J. Allen, purchasing agent for Atlanta federal penitentiary, resigned at the request of the department of justice.

WOULD BUILD NEW CRUISERS

Senate Passes Navy Measure Without Record Vote.

BILL CARRIES \$110,000,000

Appropriation Absolutely Necessary, Secretary Wilbur Says, to Raise Standard of Navy to the 5-5-3 Ratio. Senate Ready to Pass the Amended Muscle Shoals Bill, Which Calls For Leasing of Project.

Washington, Dec. 12.—The navy bill, providing for expenditure of \$111,000,000 for eight new cruisers and the reconditioning of six battle-ships, passed the senate.

The action was taken without a record vote, upon a compromise engineered by Senator Charles E. Curtis, new Republican leader, and cleared the way for other important pending matters that have been caught in the jam over Muscle Shoals.

Passage of the naval appropriation bill had been declared by Secretary Wilbur to be absolutely necessary to raise the standard of the navy to the 5-5-3 ratio with Great Britain and Japan under the disarmament treaty.

Party lines have been dropped in the senate as Republican administration leaders prepared to pass a Democratic Muscle Shoals bill. The jam on half dozen important measures is to be broken by the adoption of the Underwood measure. This will end a 4-year fight over disposition of the big Tennessee river project and at the same time clear the way for action on the postal salaries increase bills and the Isle of Pines treaty.

Senator Curtis, new Republican leader, is the power who brought about the compromise which makes the Underwood bill a bi-party measure. It was Curtis who sought the views of President Coolidge and incorporated them into the bill before it could be passed. The Underwood plan calls for operation of the Shoals project on a lease basis.

The administration began to exert strong pressure upon the senate to sustain the president's veto of the postal pay increase bill, passage of which would entail a levy of about \$68,000,000 annually not contemplated by the budget.

Both the advocates of the postal raise and leading supporters of the president's position are conducting polls of the senate. One of the Republican leaders said that "the vote on the veto message would be very close and you can not tell which side will win." However, the strategy of the administration is to recommit the bill to the senate postoffice committee and thereby avoid embarrassing the president and doubtless a number of senators by a vote on a direct motion to override the veto.

TO ASK FOR \$3,000,000

Two New State Institutions For Feeble-Minded Planned.

Columbus, Dec. 12.—An agreement has been reached to ask the next legislature for an appropriation of \$3,000,000 to be used for the purpose of purchasing land and starting two new state institutions for feeble-minded. This agreement was the outcome of a conference at the office of John E. Harper, welfare director, at which time Governor Donahey, John Youngblood, chief consulting engineer and representatives of the state architect's office were present.

One of these institutions will be located in the northern section of the state, and the other in the southern section. Location will probably be made, if the appropriation is made, by a special legislative committee, although this matter has not yet been decided. The money would be appropriated to the state welfare department and the special commission would make the recommendation as to sites, but no purchase could be made without the full approval of the welfare director.

OHIO HAPPENINGS

Farmers Win.

Tiffin, O., Dec. 12.—In an injunction issued by Common Pleas Judge James H. Platt here, city officials of Fostoria were enjoined from interfering further with the eleventh annual farmers' exposition being held in Fostoria. The application of the promoter of the exposition, Hugo V. Buelow, came a few hours after Governor Donahey had been sent a telegram that gambling was being allowed on the grounds.

Additional Arrests at Niles.

Warren, O., Dec. 12.—Sheriff John A. Thomas is serving warrants for men indicted by the special grand jury that investigated the Niles disorders of Nov. 1. Among those arrested were: Anthony Sanfrey, Tony White, James Muche, Harry Walsh and James Tauraro. All are charged with rioting. They live in Niles.

Geiger Appointed.

Columbus, Dec. 12.—A new member of the state school finance committee, Frank F. Geiger, superintendent of schools at East Liverpool, was appointed by Governor Donahey after Wilson Hawkins of Canton told the governor he would be unable to serve on this committee any longer because of pressing duties elsewhere.

May Seek Repeal of Bus Act.

Cleveland, Dec. 12.—If the Ohio supreme court holds that the public utilities commission has jurisdiction over bus transportation in home rule cities, a move to repeal the Collier-Freeman transportation law will be initiated by one of its authors. State Senator Larry G. Collier made this announcement here.

Woman Dies of Injuries.

Columbus, Dec. 12.—Mrs. Lula Minnie Brooks, 37, died in a hospital from a broken back, suffered Dec. 1, when the automobile in which she was riding with her husband, Charles M. Brooks, and several other persons, skidded in Frank road, south of Columbus, and turned over.

Traffic Policeman Hit.

Cleveland, Dec. 12.—Traffic Policeman James Kilbane was run down and dragged 40 feet on the fender of an auto, whose driver fled. The driver, police say, was Ray R. Squires, who was arrested. Kilbane is believed fatally injured.

Watchman Slain.

Cincinnati, Dec. 12.—John Keller, 45, night watchman, was found murdered at the Lockland plant of the International Agricultural corporation. His pockets had been emptied.

Sheep Claims Allowed.

Marysville, O., Dec. 12.—The Union county commissioners allowed more than \$2,000 for sheep killed and injured by dogs. There were 60 claims in all, the highest being \$170.

Mother and Child Burned.

Former Sheriff Sentenced.

Dayton, O., Dec. 12.—William H. Snyder, former sheriff, was sentenced to 30 days in Miami county jail on a charge of possessing intoxicating liquors.

Bandits Take Gems.

Philadelphia, Dec. 12.—Four bandits entered the jewelry store of R. S. Rosenblatt & Son in the Germantown district of Philadelphia, held up S. Rosenblatt and two clerks and escaped in an automobile with several trays containing gems valued at \$90,000.

WILL SELECT HOUSE OFFICERS

Republican Representatives Elect to Hold Caucus.

FIVE IN RACE FOR SPEAKERSHIP

Robert Taft of Cincinnati and Harry Silver of Preble County Appear to Be the Leading Candidates—Maynard Stated For Clerk of the House. Outlawing of Auto License Fees Creates Problem.

Columbus, Dec. 12.—Ohio Republican representatives-elect will hold their caucus in this city next Wednesday to select officers of the house.

There are five candidates for the speakership. Indications now are that the contest lies between Representative Robert L. Rohe of Tiffin and Representative Harry D. Silver of Preble county. Other contenders are: Gilbert Morgan of Cleveland, A. C. McDonald of Dayton and J. H. E. Gordon of Huntsville.

There are only two avowed candidates for majority floor leader, Justice W. Harding of Warren county and Robert A. Taft of Cincinnati. General belief is that Taft's chances were injured by election of Senator Gardner of Cincinnati as senate floor leader, but Taft still hopes to win.

Captain John P. Maynard of Lima is slated for re-election as house clerk, along with most of his staff, including E. W. Hughes, deputy clerk and parliamentarian. Dr. Alfred Robinson of Ironton apparently is leading for re-election as sergeant-at-arms. He is opposed by J. D. Thomas of Columbus, third assistant sergeant-at-arms.

Attorney General Crabbe's outlawing of fees charged for the distribution of license tags will have a far-reaching effect on the distribution to taxing districts of the road funds derived from the sale of the licenses.

This was predicted by Colonel Chambers R. Wilson, state registrar of votes, and Assistant Secretary of State Joe Baird.

Already a number of telegrams have been received from deputy registrars declining to serve without compensation, Mr. Wilson said. Approximately two-thirds of the registrars in the state were receiving fees of from 10 to 25 cents until the ruling of Crabbe, outlawing the practice. Only the larger automobile clubs and a few banks, which also were acting as depositories for the license money, were not charging the fee for the service.

If the majority of registrars decline to serve in 1925, it will mean that approximately \$3,500,000, which could have been turned back March 1 to taxing districts for highway construction and maintenance, will be delayed possibly for several months, according to Mr. Baird.

COMPLICATIONS FEARED

Spanish Troops Evacuating Most of Moroccan Zone.

Washington, Dec. 12.—It was stated in diplomatic circles here that grave international complications may arise out of the Moroccan problem, which almost precipitated a world war in 1912, following Spain's evacuation of most of her Moroccan zone.

A "hands off" policy has been decided upon by the United States in case the Moroccan dispute is reopened in an attempt to revamp the Algeiras treaty, intimidated by Primo de Rivera, the Spanish dictator. This government will not participate in any attempted international administration of the Rif-Spanish zone.

France will protest the Spanish withdrawal as a violation of the Algeiras pact, which made Spain responsible for that Moroccan zone, diplomatic quarters believed.

Forty thousand Spanish troops are now retreating from the mountain sections of Spanish Morocco under great difficulties. Invisible snipers harass the Spaniards day and night. The charge is made that the Moors torture and kill all badly wounded prisoners.

Eliminating Fire Hazards.

Columbus, Dec. 12.—Suburban dance halls here must either reduce their floor space to 6,000 feet, eliminate their heating systems or close. The order was issued by the state department of industrial relations, Thomas Kearns, chief, announced, as the first step in a campaign to eliminate fire hazards in frame dance pavilions in Ohio. State fire laws limit floor space of such buildings to 6,000 feet if the buildings are heated. Old pavilions, erected before the law was enacted, are exempt.

MAKES ADMISSIONS

Mortimer, Star Witness, Still Undergoing Cross-Examination.

Chicago, Dec. 12.—Elias Mortimer, government's star witness, was on the witness stand for the fourth day of cross-examination in the trial of Charles R. Forbes, former director of the veterans' bureau, and J. W. Thompson, building contractor, for conspiracy to defraud the government through hospital contracts. Mortimer admitted that his testimony before the senate committee, out of which eventually came the indictments in the present trial, had been motivated by a "hostility toward Forbes." He admitted he said before the committee he would never have made the story public if he could have effected a reconciliation with his wife. He added:

"Mrs. Mortimer begged me not to go before the committee and testify against Forbes." Mortimer told of an effort by Mrs. Mortimer to bring Forbes and her husband together in the home of Mortimer's father-in-law in Philadelphia shortly before Mortimer appeared before the senate committee in October, 1923. "If I go into that room only one of us will come out," the witness said he replied to his wife.

May Purchase Longview.

Columbus, Dec. 12.—Longview hospital for the insane, owned by Hamilton county, but leased by the state at \$80,000 a year, will be purchased outright by the state if the legislature will appropriate \$1,500,000 for that purpose. An agreement to this effect was made between Welfare Director Harper and the commissioners of Hamilton county at a meeting here. Governor Donahey will ask the legislature to make the appropriation.

TO MEET SALARY BOOSTS

New to Suggest Increased Rates on Second and Third Class Mail.

Washington, Dec. 12.—Congress will be advised by Postmaster General New that the way to raise enough revenue to meet proposed increases in postal pay is to increase the rates on practically all classes of postal service except letter mail. Such increases would involve more postage on newspaper and periodicals, and would be distributed through the fabric of the postal service, so that under the plan, they would be absorbed by the public generally.

Mr. New is about to conclude a survey showing how the additional revenue may be brought in, and he will discuss it with President Coolidge. It will reach congress in the form of a proposed bill, for consideration if congress decides to override President Coolidge's veto of the bill passed at the last session increasing the salaries of postal employees.

Coveleskie a Senator.

New York, Dec. 12.—Tris Speaker, manager of the Cleveland Americans, concluded a deal by which he traded Stanley Coveleskie, veteran pitcher, to Washington, in exchange for Byron Speece, right-handed pitcher, and Carr Smith, outfielder.

**Sick Poultry Can Be
Cured Any Season
of the Year.**

Circleville, O., R. F. D. 6.

September 29, 1924.

Mrs. Edward H. Wardell, winner of
Grand Sweep Stakes for best dozen
eggs in show in Ohio State university,
held February, 1924, says:

Mr. F. L. Fickardt, Dear Sir:—

I am only too glad to recommend
Fickardt's Roup and Cholera Drops to
any one interested in poultry, as the
best preventative for contagious dis-
eases I know of, on the market today.
About three years ago cholera broke
out in my flock of young chickens,
which were then about six weeks old,
and weighing about 1½ pounds. There
were 175 birds in this flock. As soon
as I discovered they were sick I began
treating them according to instructions
of a specialist. I only lost eleven out
of 175, and checked the disease in
about three days. At that time Fick-
ardt's Roup and Cholera Drops was
recommended to me as a wonderful
medicine to be used as a preventive
of contagious diseases. At that time
I began using the Drops and have not
had an epidemic since, altho I lose
one or two now and then from com-
mon causes such as apoplexy, egg-
bound, etc. I begin giving it to the
chicks when they are quite young and
from that time on they are never with-
out it. At the present time I am ship-
ping two cases of eggs a week and
have been for the last six months,
from my flock of 180 hens and I at-
tribute this high egg production to the
healthy condition of my flock. I al-
ways grade and candle my eggs and I
have attained such a degree of per-
fection that I have less than three per
cent of my eggs that do not run over
the specified weight of 24 ounces to
the dozen. Sincerely,

Mrs. Edward H. Wardell.

There are many devices to prevent

cheapest is to cut pieces of rough

Thoroughly Reconditioned Cars. TOWELL-CADILLAC CO. East Broad and Sixth Sts. Columbus, Ohio.

"MARCHETA"
BIG SUCCESS

Crowded House Expressed Hearty Appreciation of Rollicking Comedy.

Business and Professional Women's Club. Congratulated on Performance. Characters Were All Cleverly Acted by All the Players.

A full house greeted the production of "Marcheta" at the Grand Thursday evening. A more pleasing production has seldom been portrayed on the stage by amateurs whose acting singing and dancing was a revelation and fulfilled the fondest hopes and wishes of their friends in the audience.

The play was given under the direction of E. M. Thornton, under the auspices of the Business and Professional Women's club. The entertainment was worth all the price of admission and the Women's club is to be congratulated for presenting so good a production.

The scene of the play is laid in the land of Don Quixote, at Barcelona, the largest seaport on the Iberian peninsula, a walled city, beautifully situated on the Mediterranean, where several adventurous American oil prospectors went broke drilling for oil. They had interested a wealthy Castilian in their visionary scheme and one of the oil prospectors fell madly in love with Castilian's daughter, Marcheta, and wished to marry her, against her mother's desire.

The daughter true to her mother obeyed her, and a wedding was arranged between a Russian nobleman and her daughter, by the Senora. Marcheta's mother was kidnapped by a bandit and carried off to the mountains. In her absence, events followed rapidly. The old oil well which had proved to be a "duster" was exploded by dynamite and the charge made a gusher of the old dry hole. Welland Strong, the oil prospector, the rich and laid siege to Marcheta's heart winning the fair Senorita and everything ends lovely.

The musical accompaniment was excellent. The orchestra was procured by James E. Sweetman from the Hartman and James theaters of Columbus, and Miss Abbe Mills Clarke was the pianist.

The music and songs were catchy and full of melody, they obtained the approval of the big audience instantaneously. The singing of Mrs. Mary Pickens Teatsworth and John Galleher in the love scene was exceptionally well rendered. The solo dance by Gene Crow was artistic to a degree. The little Miss is the daughter of Mr. and Mrs. W. Harry Crow. She is a clever little artist and bids fair to make a career as a toe dancer. The dancing of Miss Martha Leist and James Gatrell was most artistic and they were roundly applauded, but failed to acknowledge the encore.

Mack Parrett in the character of Don Estaban El Pompo, the spineless husband of Donna Farina, and Miss Lucille D. Reynolds, as his wife, were both very clever and the pair was the storm center around which the other characters revolved.

Miss Hester Bentley, Mack Parrett, Misses Lucille D. Reynolds, Ruth Reichelderfer, Miriam Ruggles, Bess Warner, Mary May Haswell, Martha Mary Jacob, Jane Drum and Sarah Kathryn Moore and George Hitler, Glen Vanscoy, Paul Helwigen, W. E. Pickens, Lawrence Jeffries, Hugh Cartright, Francis Reichelderfer, John Mason and Robert Rooney with Mrs. Mary Pickens Teatsworth and John Galleher, the stars of the play, made up the cast. The other characters in their parts followed the lead of the stars perfectly, the minor acting was good and quick in response.

The different groups and dances were most excellent. The Spanish ballet, the Chatter group, Lots of Kisses, the Parade group, the Gypsies, the Muchachos, the Toy Soldiers, the Rain Chorus, the Russian ballet, Spanish Peasants and the Origin of Jazz were most graceful productions. The figures they performed were easy, willowy and beautiful. The witchery of youth grace and beauty embellished by perfect acting and colorful bewitching costumes made a sight that was pleasing to the eye. The little folks did their acting well and the whole production was exceptionally fine.

Joseph Rhen, who represents the wholesale drygoods firm of Alms & Doepeke, of Cincinnati, was in the audience and said he was surprised to see so much good talent. He avowed it was the best entertainment he had ever seen put on by amateurs.

The show will be repeated this evening. A few good seats are on sale.

MRS. D. T. McLEAN

Died at Home in Washington C. H.—Funeral Services Saturday.

Mrs. May Cockerill McLean, wife of Daniel T. McLean, died at her home in Washington C. H. Thursday morning. The deceased had frequently visited the family of Mr. and Mrs. Elias Florence, of Jackson township and had a number of friends here.

The Washington C. H. Herald says: "The entire community shares with the family and its large connection the sorrow, in death of this lovely woman and sympathy goes out warmly to those so inexpressibly bereaved in the home—the husband and the young daughter, Mary, the mother, Mrs. Mary Cockerill and the surviving sisters, Mrs. Susan Fite, Mrs. Lavon Goetz, of Miami, Florida, and brother, Earl Cockerill, of Dayton. All of the family have been with her since her illness became serious, with the exception of Mrs. Goetz, who is now enroute from Florida.

"May Cockerill McLean was the daughter of the late S. S. Cockerill, well known business man of this city for many years and Mary Cockerill. After completing her education at Ohio Wesleyan university she was associated with her father and brother, Earl Cockerill in the active management of the Cockerill store until her marriage to Daniel T. McLean.

"Growing up in this community and with her business connection increasing her acquaintance, May McLean's friends were legion and her loss is keenly felt. Bright and responsive, with a keen sense of humor, she was always welcomed in social circles and it was regretted that her health often prevented her taking a more active part. Only those nearest to her realized the brave courage with which she retained her cheery personality and refused to admit her frailty.

"A most devoted wife and mother, the reciprocal affection of her little family made the home life very happy and its ties closely drawn.

"Mrs. McLean was a member of Grace Methodist Episcopal church and of its branch woman's organizations.

"Funeral services will be held at the home in East Court street Saturday at 1:30 o'clock. Burial will be made in the family lot in the Washington cemetery."

MRS. BONSAI

Native of Circleville Died at Home in Los Angeles, California.

The Los Angeles, California, Times in its issue of December 7, had the following in reference to Mrs. Ella McFarland Bonsall, a native of this city:

"Mrs. Ella D. Bonsall, widow of Major W. H. Bonsall, died last night at the family residence, 1340 Crown Hill avenue, after an illness of two weeks. Her four children were at her bedside when the end came. Heart disease was the cause of her death. "She was the daughter of the late Albert McFarland, long treasurer of the Times-Mirror company, publishers of The Times. Her husband, Major Bonsall was governor of the Soldiers' Home at Sawtell prior to his death.

"Mrs. Bonsall was born in Circleville, Ohio, February 16, 1849. She came to Los Angeles with her husband in 1885 from Portsmouth, Ohio. In that year Maj. Bonsall built the residence on Crown Hill avenue which has remained the family home.

She leaves three daughters and one son. The daughters are Mrs. Jennie B. Newton and Mrs. S. M. Haskins of Los Angeles and Mrs. Ernest C. Hamilton of Long Beach. The son is Samuel N. Bonsall."

AMUSEMENTS
In a Paramount picture brimful of thrills crammed with action that includes one of the mightiest climaxes on the screen, William Farnum made a triumphant return to the silver sheet in the Wallace Worsley Paramount production, "The Man Who Fights Alone" last night at the Met theater.

Farnum's characterization of the capable, forceful engineer whose unwarranted jealousy and suspicion of his best friend all but leads to his destruction is nothing short of the work of a genius. He proves that as a dramatic actor of emotional parts he is in a class by himself.
"The Man Who Fights Alone" is based upon an adaptation by Jack Cunningham from an unusual story by William Blackie and James Shelley Hamilton called "The Miracle of Hate." Right from the first flash-in, when the audience makes the acquaintance of the principal characters, the plot begins to develop some highly dramatic situations. It is a searching, psychological study of what happens to a fine, strong man when he falls into the clutches of the green-eyed monster jealousy. Powerful complications ensue that lead up to a startling climax and in the end the story is brought to a happy conclusion by a unique twist of fate.
The flawless acting of Lois Wilson and Edward Horton, featured in the excellent supporting cast goes a long way towards making this picture the greatest Farnum production to date.

CAKES

with that "fresh air" taste

Delicious—and so beautiful in their even shape and coloring. And little wonder! For they were baked with "fresh air"—in the wonderful oven of the Estate Gas Range. The fumes of burning gas never enter this oven—only fresh air, heated and sterilized by the exclusive Estate method, touches the food.

And this heated fresh air is distributed so uniformly throughout the oven that no matter in what part you place your baking, the same uniform results are certain. No "pot-watching", no shifting pans—the oven ends all this worry.

Decide today you'll be one of the many thousands of good cooks using the Estate. We'll gladly show you the range and all its features.

SOCIAL CALENDAR

A joint meeting of the Ladies' Aids of Dresbach and Morris U. B. churches was held at the parsonage, 458 East Franklin street Thursday afternoon, forty being present. After the program was rendered and when the usual custom calls for eats, one of their number arose and said they would have an apple sandwich but all the good things seen on the table would go to the pastor and wife.

Intrinsically the value was large but extrinsically greater for the fellowship and goodwill.

Woman's Worth.

"They talk about a woman's sphere As tho it had a limit; There's not a place in earth or heaven There's not a task to mankind given, There's not a blessing or a woe, There's not a whisper, Yes or No, There's not a life, or death, or birth, That has a feather's weight of worth, without a woman in it."
